

Museocycle - terms of use

We will not accept listings for museum objects of any kind, including unaccessioned items, handling collection, set dressing, replicas etc. If you have objects to dispose of, please follow the usual Spectrum 5.0-compliant processes <https://collectionstrust.org.uk/spectrum/> and use the Museums Association's Find an Object service <https://www.museumsassociation.org/find-an-object/#>.

We will only accept listings from museums in the North that are Accredited or Working Towards Accreditation. However, it is entirely the choice of the lister who they then give items to. All offers must be free to give away, we won't accept any listings requesting a fee or donation.

Unless otherwise indicated by the lister, the assumption is that the recipient will arrange collection, which may incur a cost. Offers are to give away permanently, we won't post offers for loans of material. Any electrical equipment has to be in good working order and PAT-tested, or capable of being repaired to good, safe, working order.

If you are interested in a listing, use the contact details provided to make further enquiries. Do not contact MD North about it. Once we have posted the listing our involvement ends, until either you email us to ask us to remove the listing because you've got rid of/found what you wanted or we automatically remove listings after six weeks.
